

BISHOP WORDSWORTH'S SCHOOL

APPRAISAL POLICY - SUPPORT STAFF

Definition: Is to', 'are to' and 'must' are obligatory. 'Should' is not obligatory but is good practice and is to be adhered to unless non-compliance can be justified.

POLICY RATIONALE

1. This Policy explains the appraisal system at Bishop Wordsworth's School (the School). The Governing Body notes that there is no nationally agreed system of Support Staff appraisal but directs that the Appraisal system for members of the Support Staff is comparable to that for teaching staff where appropriate and that changes to the Policy should be made in consultation with the Support Staff.
2. The aim of appraisal in educational organisations is to improve the quality of education for the pupils through the development of staff and to bring about specific benefits for the individual and for the School.
3. This Policy is designed to recognise the contribution each member of the Support Staff makes to the School by noting individual achievements and agreeing future areas of development.

ROLES AND RESPONSIBILITIES

4. A Link Governor will be appointed by the Governing Body to monitor the operation of the appraisal system.
5. The Head is responsible for overseeing this Policy and its correct implementation.
6. The Staff Development Co-ordinator has the delegated responsibility for drafting the Policy, planning the cycle and appointing appropriate Appraisers. No Appraiser should have to undertake more than four appraisals, unless by mutual agreement.

THE CYCLE

7. Support Staff Appraisal takes place within the context of the School Improvement and Staff Development Plans, which in turn relate to national initiatives, as well as to the most recent Ofsted report. It is an ongoing event, comprising four stages:

8. The annual cycle links with the planning for School Development Plan. Professional development objectives are to be considered when the School's overall priorities for all staff development are set.

9. The whole cycle is to be completed by the end of the Summer Term each academic year. Appraisers and appraisees are to agree the timing of the Appraisal and consult with the Staff Development Co-ordinator if necessary.

THE CYCLE STAGE ONE

10. **Preparation for the Appraisal Interview - Self-Appraisal.** The self-appraisal provides an opportunity for Appraisees to reflect upon their work, to consider positive and negatives aspects of it, and to identify development needs. Prior to the Appraisal Interview each Appraisee is to complete the Self-Appraisal form (cf Annex A) and pass it to their Appraiser at least one week before their initial meeting. Appraisers are to obtain two copies of the Appraisee's Job Description from the School HR Adviser. The Appraiser is then to forward one of these copies to the Appraisee. Both the Appraiser and the Appraisee should review the Job Description before the Appraisal Meeting.

THE CYCLE STAGE TWO

11. **The Appraisal Interview.** Successful appraisal interviews require careful preparation, are given adequate and uninterrupted time, keep to an agreed agenda and are conducted in a calm atmosphere of mutual trust and confidence. The agenda is to comprise of:

- a. An introduction by the Appraiser to clarify the purpose of the interview.
- b. A discussion centred on the Appraisee's job description.
- c. The Appraisee's answers to the questions in the Self-Appraisal Form.
- d. A review of the Appraisee's targets. At the start of the second and subsequent cycles, a review of the appraisee's performance in achieving their appraisal targets is to be carried out and recorded on BromCom.
- e. A review of the CPD undertaken by the Appraisee in the previous twelve months. In addition, the professional development needs of the Appraisee for the next Appraisal cycle should be discussed and recorded.
- f. Any other points either party may wish to discuss.

12. Either party may record notes during the interview. The Appraiser is not to attempt to draft the statement during the interview.

THE CYCLE STAGE THREE

13. **The Appraisal Statement.** A statement must be produced by the Appraiser within seven working days of the interview. This is to be completed using the Appraisal software on the BromCom profile for each Appraisee. Individual targets are to be reviewed for the previous year's appraisal and new targets are to be set for the following academic year. In addition, the Appraiser is to comment on the overall performance of the Appraisee. Completed self-appraisal forms should be attached as documents in the 'Evidence' section provided by the BromCom software.

14. **Job Description.** Any changes to a Job Description agreed at the appraisal meeting are to be recorded in writing and submitted to the Head for approval. If the changes are approved, the Head is to give the Appraisee a copy of the new job description.

THE CYCLE STAGE FOUR

15. Approximately half way through the annual cycle, the Appraiser and Appraisee are to arrange a brief meeting to discuss progress against the agreed aims and ensure they remain relevant.

ACCESS TO OUTCOMES

16. The appraisal statement is a personal and confidential document. The principles and provisions of the Data Protection Act of 2018 and the GDPR are to be followed at all times by those who have access to the documents. An Appraisee may request that no electronic record of her or his statement be retained by the appraiser.

17. The Governors responsible for taking decisions, or making recommendations, regarding pay, promotion, dismissal or disciplinary matters may request access to a copy of an appraisal statement. The School is to retain each appraisal statement for six years in accord with the Data Retention Policy.

TRAINING AND SUPPORT

18. The line manager for the Appraisee is to identify the training and development needs of each Appraisee from their Appraisal Statement on BromCom and should assist the Appraisee in organising this training.

19. The Governing Body will consider making provision in the budget for any training and support agreed for appraisees.

20. When the provision of CPD is subject to budgetary restriction, a decision on relative priority will be taken with regard to the extent to which:

- a. The CPD identified is essential for the Appraisee to meet their objectives.
- b. The training and support will help the School to achieve its priorities. The School's priorities are to take precedence. Appraisees are not to be held accountable for failing to make good progress towards meeting their objectives' success criteria where any support recorded in the planning statement has not been provided.

COMPLAINTS

21. Appraisees are entitled to complain about the way their appraisal is being conducted. Complaints are to be made in writing to their Appraiser within seven working days from the declared point of dissatisfaction. If the Appraiser is unable to resolve the problem to the satisfaction of the Appraisee then the Appraiser is to raise the concern with either the Staff Development Co-ordinator or the Head. Where the Appraiser is the Head, the Appraisee may raise the concern with the Chair of Governors. If the matter has still not been resolved, the Appraisee is to write to the Chair of Governors to request a formal review.

22. The Review Officer (as appointed by the Chair or Vice Chair of the Pay & Staffing Committee) is to investigate the complaint. The Review Officer should conduct the review within ten working days of referral and has the following options: to make no change to the appraisal statement, to add observations, to make amendments or to declare it void and order a new appraisal.

MONITORING AND EVALUATION

23. The Head is to discuss progress with the Staff Development Co-ordinator and report to the Governors annually on the effectiveness of the Support Staff Appraisal procedures.

24. This Policy was adopted by Governors on 28th June 2005. The most recent 3 years' review history is below:

25 th March 2021	Minor updates
25 th April 2022	Minor updates
6 th June 2024	Minor updates
