In general, just send an enquiry (bws.foundation.experience@gmail.com) to see if we have offers in a particular profession that interests you. It's as important to find out whether a profession *doesn't* appeal to you, as finding one that does. These openings can help you in making such decisions about your future.

2. Can you help current BWS students in their personal projects?

BWS now has 3 Salisbury Journal Correspondents

The Journal has been training up Year 10 pupils representing local schools, with a view to making them 'school correspondents'. Our three correspondents for this year are:

Toby Runyard

Joe Parker

Rob Graves

Each week, these three will be seeking out news stories from the BWS community, and then writing up articles that will, hopefully, feature in the Salisbury Journal's schools pages and on the Journal website each week.

So, if you have a positive story worth celebrating, whether it's a group or individual effort, please contact me: rtc@bws.wilts.sch.uk. They'll come and ask you some questions and, if it's really newsworthy, they'll write the article. Please note that all material will be seen by the HM before it goes any further.

The Journal is also keen to celebrate achievements outside of school (sports / achievements for charity, performances etc), so it doesn't always have to be directly connected to Bishop's. The general idea, though, is that they report on news that has happened rather use it as a way of promoting anything that is going to happen.

3. What is the BWS Corporate Partnership offer?

BWS has a reputation for matching a private school education despite being only state-funded. This reputation comes from academic, sporting, extra-curricular achievements, and from the achievements of Wordsworthians themselves.

BWS Corporate Partners benefit from joining us at three Levels:

Level 1

- a) **Company hyperlink-logo** on the BWS website, Events & Foundation newsletters, publications. [BWS & Community comprises **A, B, C income groups** - local, national, international]
- b) **Free entry to B2B / B2C** networking, social events for 2 company members:
e.g. golf day / drinks & nibbles receptions / race day / Speaker event / BWS Summer Ball / Talks / Conferences / Careers - Business Fairs
- c) **Display your own banners or signs** at sports, events, talks, conferences
- d) **Corporate Social Responsibility** can be demonstrated and publicised
- e) **BWS societies** are very active, offering PR opportunities locally and nationally

Level 2 "Full Partner" - includes all the benefits of Level 1

The significant and exceptional benefit is the unrivalled publicity and PR campaign potential of having your company name on an existing building / hall / room where it will gain public exposure at events, visits and can be used by you in your own promotional campaigns.

Level 3 Extraordinary Corporate Partner

These partners have proposed specific offers in being associated with BWS.

4. More successes from the previous Bulletin and Thanks!

BWS Archive volunteers - great response!

Two have parents volunteered to help catalogue the school archive. We have already made a start on the collection related to William Golding.

BWS Chaplain, Andrew Gough, helped out by arranging a meeting with the Warwick School Archivist where he was be for coming to BWS.

We are also very lucky to have generous help and support from Emily Naish, who is the Salisbury Cathedral Archivist.

Mystery note: we are also indebted to the work of Big Frank and Tiny Frank!

Three Sports Tour to Japan

The tour was a great success. In addition the BWS grapevine worked and Wordsworthian Steve Howden, who works in Japan, managed to meet up with his old friend and current BWS Head of PE & Sport, Richard Demain-Griffiths. I understand that they discussed Zen Buddhism and the finer points of writing a haiku!

The next tour will be to South Africa - any Wordsworthians out there ?

5. Events coming up soon!

6. BWS General News

[There's always more to see on the school website: <http://www.bws-school.org.uk>]

Capital Building Projects

The architect-drawn plans for the new Science & Conference Centre have now been submitted. We're looking for a big Corporate Sponsor who would like to have their name on the new building.

We'll also be running a "Buy a Brick" fundraising campaign.

6th Form Girls Sept. 2020

The new prospectus is out and you will see changes on the new school website which will be up very soon!

We'd like to hear about your memories of BWS - good or, um, not so good!

In later issues we'd like ask a few questions to see how we views BWS over the years. Fear not, it's anonymous! There's no danger of detention or recriminations!

BWS in Space with NASA

Hawaiian T shirts aren't normal street gear in Salisbury at 7.30am on a damp, chilly October day. Unless you are leaving for Florida, that is! As this bulletin comes out a group of BWS students is heading over to NASA. It's probably not an astronaut recruitment drive, but strange things can happen in space research.
